The product referred to above complies with the 'Product evaluation criteria for the Dutch inputs list' and may be used in Dutch organic farming. The product must be applied according to the instructions for use and legal provisions. When a product is included in a national list, FiBL checks whether it meets the respective registration or listing requirements in the countries indicated. For products without a legal registration or listing requirement, the distributor has confirmed in writing to FiBL that the product is marketable in the country indicated. The general and technical legal provisions for the use of the inputs listed here remain reserved. All information is provided without guarantee. FiBL disclaims any liability in connection with the use of the listed inputs.
